4. 3D Proof & Order

Custom Upload Instructions:

Artwork can be created in any software program that is available to you. It is best to utilize **Illustrator (preferred)**, Indesign and Photoshop.

Included in the downloadable template zip file is an EPS file. Within this EPS file is an “instructional layer” with layout and exporting instructions. It is important that these directions are followed, if not your file will not upload correctly.

Upload your artwork here:

You can save your uploaded artwork by creating an account. After uploading you can view your project in 3D as often as you’d like.

Accepted File formats: .bmp, .png, .jpg, .tif, **.pdf (preferred)**, .eps, .ps, .svg, .ai, and .psd

Maximum File Size : 100mb

Resolution Requirements:

Resolution: The resolution, commonly referred to as dpi or dots-per-inch, means the clarity of the image. The higher the dpi the clearer the image. To achieve a crisp, clear image on the finished product, images should be at least 300dpi.
