

Any large Solid Floods of color must contain film grain texture aka noise

• If your art work is desired to be on all reinforcement areas please extend out to very last line which is the cut/trim line, and then extend 1/8th for bleed.

Solid Lines Represent Cut/Trim line - Artwork must extend 1/8th past this line

Dotted Lines Represent Folds

OUTSIDE FRONT

Art on Front & back cover must wrap onto reinforcements 1/32nd, also 1/32nd onto pockets

If art work on back cover needs to be centered please center from dotted line ( fold) to dotted line (fold)

If art work on front cover needs to be centered please center from dotted line ( fold) to dotted line (fold)

If art work floods on pockets please make sure that the reinforcements match accordingly. Add noise to solid floods of color!

If text or images on pocket areas please do not have them fall beyond this guide. It will get covered by the reinforcement!

If text or images on pocket areas please do not have them fall beyond this guide. It will get covered by the reinforcement!
